

Summer Conferences at Augsburg College

During the summer months, Augsburg College is able to provide both facilities and housing for summer conference groups. Options exist for both youth athletic or academic camps/conferences or adult-based conferences.

Meeting Space

The majority of campus spaces are available for rental during the summer months for camps and/or conferences. Work with an event planner to discuss actual needs and space availability.

Augsburg has two different styles of conference/camp housing available. Work with your event coordinator to determine which style would be most appropriate for your group.

Athletic Camps

Special arrangements for athletic camps may need to be made because your event will need access to our athletic facilities and fitness center. Work with your event planner to coordinate with the Athletic Facilities staff to ensure that all of the necessary reservations have been made for your event.

Reservations

To reserve space at Augsburg College for a summer conference or camp, please contact the Event Operations Coordinator at 612.330.1323 or at events@augsborg.edu. Space is reserved on a first-come, first-served basis and is based entirely upon campus availability.

Food Service

The campus on-site caterer is able to provide meal services for breakfast, lunch and dinner in our traditional campus cafeteria. The catering office is also able to handle virtually any and all catering needs that any conference or camp group may have while on campus. Pricing is dependent upon your actual menu and total number of attendees. Work with your event coordinator to get a food service quote for your particular event.

Rental Fees

Please work with an event planner to determine actual needs and to get a final quote for your event.

Payment

A 25% deposit is due at the time that the contract is signed and returned. The remaining balance will be due at the conclusion of your event.

Parking

Guest and visitor parking is extremely limited on campus. However, parking during the summer is usually much easier to find than during the school year. Work with your event planner to determine if on-campus parking will be available for your group before discussing parking with prospective attendees. If arrangements are not made in advance, parking cannot be guaranteed. See *parking section for more complete information*.
