PUBLIC ACHIEVEMENT
YEAR-END
SELF-EVALUATION PACKET

Introduction
This packet is designed to help your site review and evaluate Public Achievement and to help you plan the upcoming year.

We are very aware of time constraints and are aware that this packet is quite detailed and long. Start with the first two sections: “Year in Review” and “Evaluation of Goals.” If you want to go into more detail, continue on with the section “Components of PA.” Individuals can do the “Evaluation by Roles” section on their own.

The idea is not that you are supposed to have done excellent work in every category, but to disclose what you actually did, to evaluate how well you did it, and to develop plans to improve PA given the context of your site.
